Learn About The Lives Of These Royal Couples

Next

## Ups And Downs

In the days before William and Kate became husband and wife, the Duke and Duchess of Cambridge were similar to other couples in that they went through both happy and challenging periods in their relationship. They first became acquainted in the year 2001 while they were both attending classes at the University of St. Andrews in Scotland. We have information that Prince William saw Kate Middleton at the charity show where she was volunteering. It's possible that we'll look back on it as the beginning of the royal couple's love affair.
